

COMES TO PAINT A WAR PICTURE AND COAX T. R. TO TALK!!

Meanwhile, Senor Giro Talks
About Artistic Type of
American Girl.

A young artist who has been commended by the Cuban government to immortalize the Spanish-American war, arrived here today on board the *Atlas Service Steamship Prinz Joachim*. He has been entrusted with the delicate mission of coaxing Col. Roosevelt to describe the battle of San Juan and other conflicts in which he participated. Juan E. Hernandez Giro, the artist, is twenty-two years old. He showed a promise as a boy that he was educated at the expense of Santiago, his native city. While he is studying the resident Colonel and persuading him to talk, Senor Giro will reside at No. 107 Poplar avenue, New Brighton, Staten Island.

When Senor Giro was on his way to Paris several years ago he spent six days in New York. In that time, and in his subsequent encounters with American girls abroad, he came to the conclusion that the species is the most artistic viewed as the model, that is, in the world.

"America is coming to the fore rapidly as an art center," said Senor Giro. "American artists already are being paid the greatest compensation of Europe—Europe is jealous of them. New York is destined to be the great art capital. But why is all this? Because of the American girl in the eyes of an artist she is without a peer. French girls, perhaps, are more graceful in their movements. But, tut, tut, can the brush of the painter sing the poetry of motion? No! It is the attitude, a picture that is painted cannot move like those that are protected on screens. There are many types in America, of course, but there is one that predominates—and that is the ideal artistic type. This girl has a figure that is nearly perfect and a face that, if not beautiful, is at least lovely and adorable. She accounts not only for your rapid strides in art but for your war heroes, who freed my country, as well. For one little insignificant rib she has given an entire nation a backbone, I think you say."

The Prinz Joachim also brought "Capt. Arthur Lawton," the writer of boys' books, back to the United States. The "Captain," who was John H. Goldfarb when he was a lat-foyer newspaper man, has been getting material for a new juvenile series in Cuba.

HIS "INITIATION" COST \$20.

Immigrant Robbed During Fellow Countrymen's Wed. Rites.

Leon Meschikoff, of No. 212 Eldridge street was arrested today on the complaint of John Kawalek, whose occupation will be that of laborer as soon as he gets his first job in the new country. John thought he would soon find the job when Meschikoff introduced himself on Sunday as the Grand Master of the Union Lodge of General Employment and said that joining his organization was the single formality to entrance into the ranks of the workers.

John met Leon and three other officers of the "lodge" last night. They took him into a back yard and began their ritual. They chanted, marched and counter-marched, and finally he was locked on in wonder. At last they told him he had only "to ride the goat." They bound him hand and foot, blindfolded him and the same one reached in his inside pocket and stole his capital—a \$20 bill.

Lodge or no lodge, job or no job, John protested with voice, hands and feet. After he had been taken his bond was no match for the Masons of Employment. They left him unconscious.

81 Pupils to Go Unvaccinated.

Parents of thirty-one pupils who have entered the Montclair N. J. schools for the first time this term have made affidavit that the signers are conscientiously opposed to submitting their children to vaccination. The affidavits are for the purpose of excluding the pupils from the compulsory vaccination rule of the Montclair Board of Education.

Miss Ruth Secor a Bride.

Miss Ruth Louise Secor, daughter of Mrs. Ruth Louise Secor, daughter of Mr. and Mrs. E. H. Secor, and Mr. Robert W. Clark Jr. of the Coast Artillery, were married last night at the bride's home, South Highland avenue, Montclair, N. J. Lieut. Clark graduated from West Point last year. He is stationed at Fort Wadsworth.

Bladder Trouble Causes Terrible Pains.

After taking a trial bottle of Dr. Kilmer's Swamp-Root which you forwarded to me, I purchased some from a local drug store and after using three dollar bottles I can truthfully say that I was cured of all the terrible pains I had in my back, side and head, caused by bladder trouble. I had the worst kind of kidney trouble and suffered so that I could not even stay in bed with the pain. Dr. Kilmer's Swamp-Root made me feel just like a new person and I am glad to recommend it to anyone suffering as I did.

Very truly yours,
MISS MARY AKNER,
307 Washington St., Defiance, Ohio.
I wrote to you before and in my presence subscribed by the said Miss Mary Akner, this 15th day of July, 1909.
